THE DESIGNER

2020

The Grooves Collection by Naji Mourani.

Naji Mourani has been designing spaces since 1992 in the different sectors of Interior Architecture, and since then, he has been connecting people to elements and environments.

His love for designing furniture and products never faded since he was a little boy, and now he has been focusing on pursuing his dream since 2017.

Naji has a passion for fine details and a perfectionist. The beauty of fine details always draws him, and he gets inspired by nature and his surroundings.

Naji says, "every day we are surrounded by the beauty of nature and its wonders. A successful design needs to serve a specific function, blend and complement its environment. To create anything, we need to look closely to nature, understand it and then replicate it".

In addition to his passion for design, Naji also enjoys photography, travels, oil painting, and a glass of scotch.
